

# GTT WANTS YOU!

**Gorilla Tango Theatre is the producers' theatre!** It exists to provide artists and organizations of all sizes and genres the opportunity to produce their work in a professional environment.

**The opportunities at GTT are limitless.** GTT welcomes companies looking to produce a season of work with multiple-week runs, improv or sketch groups looking to develop ongoing timeslots, individuals who want to mount a production for one night only, and everyone in between.

**Gorilla Tango seeks to create a community of theatre artists from all different backgrounds** with a focus on profitability and sustainability. This atmosphere brings new energy and allows everyone to tap into an audience that they might not otherwise have reached.

**Gorilla Tango has the lowest breakeven point and seeks to create a community of profitable theatre artists.**

## **GTT wants all its producers to succeed and their work to be profitable!**

As a company, GTT contributes by producing its own scripted, sketch, and improvisational works; cabaret, burlesque, and musical productions; dance; film screenings; and children's programming.

**Gorilla Tango has the lowest breakeven point of any professional full service venue.** A show only has to sell 17 \$15 tickets per performance to breakeven!

The GTT producer agreement allows for the greatest potential for profitability and protection from losses. Plus, no money up front!

**Contact [info@gorillatango.com](mailto:info@gorillatango.com) for more information** and to learn how you can join our community of producers and theatre artists today!
