***Boobs of Khan: A Star Trek Burlesque*** (Fridays at 9:30pm at [Gorilla Tango Theatre](#), 1919 N Milwaukee Ave)

If you're the type of lover who makes jokes after foreplay and even second base, a night with Gorilla Tango's Geek Girl Burlesque might be your dream orgy. Its latest revue should win the Chicagoland Truth in Advertising Award for 2011. Consider the title, *Boobs of Khan: A Star Trek Burlesque*, and imagine what that might be like on stage. Voilà, that's the show.

One-dimensional though it may be, this trek is not without its titillations. The dances are hot, and surprisingly the most enticing number features *Star Trek's* (and perhaps modern sci-fi's) least sexy paramours, the Borg. And the cast of 16—sorry, eight—successfully "sets phasers to... stunning."—*Homer Marrs*
